HANZHE LI

Berkeley, CA • 530 220 7002 • lhz123@berkeley.edu

Education

BSCS: Software Engineering, 2020
Wuhan University - Wuhan, Hubei
- GPA: 3.5/4.0
- Relevant Coursework: Calculus (90+), Linear Algebra (100), C#, Java, Data Structure, System Level Programming (89), Database System and Design(91).

2019 Spring Concurrent Student: Computer Science, 2019
UC Berkeley - Berkeley
- CS 161: Computer Security
- CS 170: Efficient Algorithms and Intractable Problems
- CS 267: Applications of Parallel Computers

Project Experiences

Website Developer, 03/2018 to 08/2018
WHU
- Established a book shop website using Java.
- Developed a MySQL database for the book shop.
- Designed, implemented and monitored web pages for continuous improvement in a fast-paced environment.

Database Developer, 04/2018 to 06/2018
WHU
- Created a database about hospital.
- Implemented database designs, data models and ER diagram.
- Designed a C# GUI program to connect to the database and made necessary modifications.

Game Developer, 08/2017 to 09/2017
WHU
- Designed an RPG game with different patterns to play.
- Learned how to use Cocos Game engine.

Additional Information

- Language: Mandarin (Native), English (TOEFL 93/120, CET 4)
- GRE: 311 + 3.0
- Interests: Writing articles, Traveling around, long-distance running.
- Curiosity about new technology.
